

## **HighGround 9th-12th+ graduated seniors| June 16-20**

---

**If you're up for a bit of adventure, don't mind getting a little dirty, and are ready to disconnect from the digital world for five days, then you're ready for our high ground. You'll have access to bathhouses and all the necessities for the week. While you'll be cooking for yourself, our Kitchen staff will provide all the necessary tools. Our camp is all about fostering a laid-back atmosphere and creating a strong sense of community among fellow campers, making you feel right at home.**

## **Pioneer Plunge Horse Camp 7th-12th + graduated seniors | June 23-28**

---

Pioneer Camp is one of our newer camps that has been a hit. The campers sleep in what you see above called a 49'er tent, meaning metal roof, metal front and back, then canvas on either side. They are sleeping outdoors, on a bunk. Think glamping. There is no air conditioning; there is access to the bathhouse for all essential needs. Besides the living spaces, the campers get to be one with nature and experience camp on a whole other level. The campers will experience horse riding, games, afternoon rec, and bible-led teachings.

---

**Check-in: Sunday @ 4 PM**

**Pick Up: Friday @ 2 PM**

## **Trade Skills Camp 9th-12th + graduated seniors | June 2-7**

---

Trade Skills Camp is where you learn skills and see what you like. The most significant opportunity from this camp is that you are learning hands-on, beside contractors, missionaries, electrical workers, and much more. This week is designed to help the camper see that there are men and women in the trades who are Christians. They see they can become a teacher and help guide just like the professionals they meet this week. The campers work and put in hours, but they also get to rest and participate in recreational aspects of camp through bible-led worship and teachings.
