Main Camp: Elevate 3: Stem Camp | June 16 - 21 | Incoming 7th & 8th Grade|

Elevate 3 marks our first themed camp. Opportunities with our STEM activities will be hands-on to help the campers discover real-world applications and spark their creativity and concepts. Through dean- and volunteer-led bible teaching, the campers will learn how to be Christians and possess skills to further their life skills for the kingdom. Volunteer leaders and deans play fun games with the campers and experience worship time, small groups, and bible stories. This group begins gaining independence and learning to shut off the world and lean into Jesus and Bible teachings.

Dean: Zach Korf
