

**Specialty: Pioneer Plunge Horse Camp 7th-12th + graduated seniors | June 23-28**

---

Pioneer Camp is one of our newer camps that has been a hit. The campers sleep in what you see above called a 49'er tent, meaning metal roof, metal front and back, then canvas on either side. They are essentially sleeping outdoors, on a bunk. Think glamping. There is no air conditioning; there is access to the bathhouse for all essential needs. Besides the living spaces, the campers get to be one with nature and experience camp on a whole other level. The campers will experience horse riding, games, afternoon-rec, and bible-led teachings.
